When you click on “Top Selected Codes”, you are shown a list of the most frequent ICD-9 Codes used in the Indiana Patient Registry that can help you find the ICD-9 Code you are looking for.

Procedures Screen – Procedures (3)

The screenshot displays a web-based form titled "Procedures". At the top, there is a "Procedure Performed" checkbox set to "Yes". Below this is a table with columns: "ICD-9 Code", "Location", "Date Started", "Time", "Staff", and "Service Type". The "Location" column has a dropdown menu with "Not Applicable" selected. The "Date Started" column has a text input and a calendar icon. The "Time" column has a text input and a clock icon. The "Staff" column has a dropdown menu with "Select One" selected. The "Service Type" column has a dropdown menu with "Not Applicable" selected. Below the table is a "Comments" text area. At the bottom of the form are two buttons: "Add Procedure" and "Save Order".

Below the main form is a section titled "Resource Utilization". It contains a table with a single column "Resource". Below the table is a button labeled "Add Resource".

The "Location" element (TR22.29) is defined as the hospital location the procedure was performed. Select an option from the drop-down menu.

The "Date Started" element (TR22.5) is defined as the date the operative and essential procedures were performed. If you would prefer not to type in the date, click on the calendar icon and select a date. This is a national and state data element.

The "Time Started" element (TR22.31) is defined as the time the operative and essential procedures were performed. This is a national and state data element.

The “Service Type” element (TR22.9) is defined the service type of the physician. Select from a drop-down menu.

Once you have entered the procedure information, save it by clicking on the “Add Procedure” button. You can also add additional procedures as needed. Return to the beginning of the section titled “ICD-9 Code” to follow the steps to add additional procedures.

Procedures Screen – Procedures (6)

Procedures

Procedure Performed: Yes

ICD-9 Code	Location	Date Started	Time	Staff	Service Type
72.0 - Low Forceps Operation	OR	11/01/2013	08:00	Adams, Doctor	Critical Care Medicine
11.31 - Pterygium Transposition	OR	11/02/2013	09:00	Anderson, Mark	Emergency Medicine

ICD-9 Code: Not Applicable

Comments:

Once you have entered multiple procedures, change the order of the procedures by clicking and dragging the black arrows on the left-hand side of the screen. The clipboard and pencil icon allow you to edit procedures. If the patient has the same procedure multiple times, copy the procedure and change the necessary information.

Delete the procedure by clicking on the red X Icon on the right-hand side of the screen.
